

ABORNE - Bayreuth Meeting

26th July – 27th July, 2008 – Schloss Thurnau

ABORNE (African Borderlands Studies Network) is an interdisciplinary network of researchers interested in all aspects of international borders and trans-boundary phenomena in Africa. The emphasis is largely on borderlands as physical spaces and social spheres, but the network is also concerned with regional flows of people and goods as well as economic processes that may be located at some distance from the geographical border.
